

**nPOD**  
Network for Pancreatic Organ  
Donors with Diabetes

**April 1, 2014**

Here at nPOD we are very grateful for our OPO partners and all the time and effort you put forth to help us on our quest to find a cure for type 1 diabetes.

**Please call nPOD 1-866-731-6585 when you have donors that meet the following criteria:**

**nPOD Acceptance Criteria**

**1. Type 1 diabetes:**

Age  $\leq$  20 years old, any duration  
Any age with duration  $\leq$  7 years

**2. Autoantibody positive (no diabetes):** Age  $\leq$  30 years old with 1 or more autoantibodies to type 1 diabetes (GAD, IA-2, ZnT8);

**3. Transplant:** Any donor with a history of type 1 diabetes who has received a pancreas or pancreas/kidney transplant

**4. Type 2 diabetes:** Age  $\leq$  60 years old, on Incretin therapy for  $\geq$ 6 months

(Incretins: Byetta/Exenatide, Januvia/Sitagliptin, Galvus/Vildagliptin, Onglyza/Saxagliptin, Tradjenta/Linagliptin, Victoza/Liraglutide)

**5. Young w/ High BMI:** Age  $\leq$ 20 years old with BMI  $\geq$ 33 and no diabetes
